New phase launched in the popular Rojales Villas, a luxury villa development in Ciudad Quesada. The launch of the first phase of our Rojales Villas project was an immediate success: the first eight luxury villas were sold in record time and are now almost complete. The secret to this success? An ideal location, on the edge of Ciudad Quesada and less than a ten-minute walk from the main street of this lively and highly sought-after Costa Blanca town. Here you'll find all the services you need for everyday life and an unforgettable holiday: a wide selection of quality restaurants, supermarkets, fast-food outlets, entertainment venues, and social services. With this exceptional location, our superb single-story villas, and our generous plots, it was clear that we needed to acquire more land and launch new phases in the future. And we've done just that! INTERIOR FEATURES Balcones de Benijofar villas, phase 2, offers our very popular single-story villas in 2 different models; ● Modern joinery finishes throughout the house ● A choice of tiles
