Traditional 300-Year-Old Farmhouse with Land, Stables and Guest Accommodation This charming semi-detached farmhouse, dating back approximately 300 years, offers a rare opportunity to own a property full of history, character, and potential. Set on approximately 25,000 m² of land, the property includes a main house, a separate apartment, workshops, stables, and extensive outdoor space suitable for a variety of uses. The main house features a bedroom, bathroom, kitchen, and comfortable lounge area. Upstairs is a large open-plan space that is currently unfinished and offers excellent potential for additional bedrooms, living areas, or a complete redesign to suit the new owner's needs. Part of the floor will need to be replaced, providing a blank canvas to create and customise the space exactly as desired. The separate apartment benefits from its own private courtyard with a covered seating area, kitchen, and two bathrooms, making it ideal for guests, extended family, or potential rental accommodation.
